

## **Ingersoll Rand Environmental Compliance Statement – Effective October 2012**

Supplier shall comply with all applicable regulations regarding the Deliverables including, without limitation, all materials used in producing the Deliverables and shall provide all information required by such regulations and/or requested by Buyer (for example, Safety Data Sheets). Supplier shall be responsible, where physically possible, to take its Deliverables and packaging back for the purpose of recycling them within the scope of any statutory duties or to dispose of them in an environmentally-friendly manner.

Supplier shall comply with Buyer's restricted substances requirements as found on Supplier's section under the Purchasing Policies at Buyer's Website. Before or at the time Deliverables are shipped, Supplier shall give Buyer sufficient warning in writing (including, without limitation, appropriate labels on all Deliverables, containers, and packaging, disposal and recycling instructions, material safety data sheets and certificates of analysis) of any hazardous, flammable, toxic, corrosive or restricted materials including Conflict Minerals that are an ingredient or part of the Deliverables, together with any special information necessary for the proper handling, transportation, processing, use or disposal of the Deliverables, containers, and packaging. Supplier agrees to comply with all applicable laws and regulations pertaining to product content and labeling, including, without limitation, the U.S. Toxic Substances Control Act and applicable RoHS and REACH regulations.

Specifically, the Supplier shall notify Buyer in writing if the Deliverables contain a Substance of Very High Concern as defined within REACH regulations. Supplier shall indemnify Buyer pursuant to Section 33 from all liabilities, costs, damages, fees, fines, etc. incurred by Buyer due to Supplier's violation of the above mentioned obligations. In case of administrative procedures against Buyer by relevant authorities due to Deliverables or materials/substances used therein, Supplier shall support Buyer to defend each case and shall provide all reasonable information needed and/or requested by any authority and/or Buyer for such defense. Delivery of any Deliverables shall constitute Supplier's representation to Buyer that there has been and will be full compliance with all applicable environment, health and safety governmental requirements.
